Niimbot D11H Portable Label Printer White

Niimbot D11H portable label printer (white)
Niimbot D11H is a compact label printer, ideal for both home and professional applications. Its small size (109 × 78 × 30 mm) and lightweight design (199 g) make it convenient to use and easy to carry. Thanks to its built-in 1500 mAh battery, the D11H provides 5 hours of operation, and it will take 1-2 hours to recharge.

Clear prints
With a resolution of 300 dpi, the Niimbot D11H guarantees clear and precise printing of labels up to 12 mm wide. The high print quality makes the labels legible and aesthetically pleasing, which is especially important in the context of professional applications such as labeling jewelry or clothing tags.

Convenient charging and long run time
The Niimbot D11H printer is equipped with a USB-C charging port for fast and convenient charging. It takes only 1 to 2 hours to fully charge the battery, allowing for about 5 hours of uninterrupted operation. This ensures that the device is almost always ready for action, no matter where or when.

Bluetooth connectivity and mobile applications

The Niimbot D11H supports Bluetooth connectivity, allowing pairing with up to six smartphones simultaneously (1 iOS device and 5 Android devices), greatly enhancing convenience. The available Niimbot mobile apps and Niim App in the App Store and Google Play, allow you to customize printing settings and design your own labels, greatly enhancing the device's functionality.

Versatile applications
The Niimbot D11H is widely used in both stores and homes. It will be ideal for labeling spice containers, cosmetics, or clothing labels, as well as for professional tasks such as jewelry labeling. With a wide range of personalization options for labels, users can customize the printout to suit their individual needs.
