

Niimbot M2 Commercial Lake Blue

Niimbot M2 Commercial Lake Blue

Ref: 6975746639743

Niimbot M2 portable label printer (blue)

Niimbot M2 is a thermal label printer that stands out for its versatility. It combines performance and ease of use. The durable 2000 mAh battery allows for a long working time, and it will take 3-4 h to charge.

Print quality and speed

The Niimbot M2 offers a high resolution of 300 dpi, which guarantees clear and legible labels. The device supports roll widths from 20 to 50 mm, allowing you to customize your prints for different needs. The maximum printing speed is 40 mm/sec, allowing for fast and efficient label creation, minimizing waiting time.

Quiet and efficient operation

The Niimbot M2 features a low noise level, so it won't make a nuisance noise. In addition, the device is resistant to both high and low temperatures, operating reliably from 0°C to 40°C. This makes the M2 an ideal solution regardless of conditions.

Wireless connection and mobile app

The Niimbot M2 supports Bluetooth and via USB-C connection, allowing easy connection to a laptop or smartphone. In addition, the device supports simultaneous connection with 10 smartphones (x3 iOS and x7 Android). The Niimbot app, available on the App Store and

Google Play, allows full customization of print settings, which greatly enhances the device's functionality.

Wide application

The Niimbot M2 will find its use in many fields, such as marking cables, products in stores, jewelry, documents in offices or tools in laboratories. It will also be perfect for use at home, making it easier to organize various items.
