Ref: 6973734200104

Sonic toothbrush with head set and case FairyWill FW-P11 (BI)

FairyWill P11 sonic toothbrush

Take care of your dental hygiene and enjoy a snow-white smile. The FairyWill P11 sonic toothbrush gives you a thorough oral cleaning with its powerful Maglev motor and 3 modes you can choose from. It also stands out for its long battery life of up to 30 days. The kit also includes a carrying case and 8 interchangeable tips.

Effective cleaning

The toothbrush is equipped with a powerful motor that can generate vibrations at a frequency of up to 31,000 strokes per minute in Clean mode. This means it eliminates debris and stains quickly and effectively. It also reaches the spaces between your teeth. It can clean your gum line up to 10 times more effectively than a regular toothbrush and 3 times more effectively than an electric toothbrush. You don't have to keep track of the cleaning time, either. A smart timer will remind you every 30 seconds to change the area you're brushing. After 2 minutes, the toothbrush will automatically stop working.

Interchangeable tips included

The P11 toothbrush can be used not only by you, but also by your family. The set includes 8 replaceable heads that you can share with your loved ones or keep for yourself as a spare. Remember to change the tips from time to time to ensure good hygiene and avoid the multiplication of bacteria.

3 modes to choose from

Choose from 3 available modes and customize your toothbrush to suit your needs. Clean mode is ideal for everyday use. Gentle mode is recommended for beginners and those with sensitive teeth. Massage mode provides a gentle gum massage and effective cleaning.

Can accompany you almost anywhere

Going on vacation? Or maybe you are going on a business trip? Take your toothbrush with you! It comes with a compact, matte case that allows you to comfortably yet safely transport the device. You can easily fit the toothbrush and 2 tips in it, which means it's handy for couples too.

Long runtime

Say goodbye to having to charge your sonic toothbrush too often. P11 has a long-lasting battery that can last up to 30 days on a full charge! Charging takes only about 2 hours - the USB port allows you to connect it not only to a charger, but also to a powerbank or even your laptop.

Elegant design

The toothbrush is distinguished not only by its functionality, but also by its stunning design. The integrated handle feels great in your hand and has been designed to protect the various components of the device from contamination. P11 looks really elegant - its thoughtful design was recognized by the Red Dot 2020 award.
