Kensen 06-KTMQ32-01A body trimmer set (silver)

Kensen 06-KTMQ32-01A body trimmer set (silver)

The Kensen trimmer set is an all-in-one solution for men who value precision and versatility in grooming. It is perfect for trimming both facial and full body hair. Exceptional technology and advanced features guarantee fast and safe trimming without irritation.

Interchangeable heads for shaving and trimming

The Kensen trimmer is designed for complete flexibility and versatility. Equipped with two interchangeable heads, it allows you to easily change between shaving and trimming functions. Changing heads is intuitive and quick, making grooming a pleasure.

Precise guarding

Equipped with an adjustable comb (1-10 mm), the Kensen trimmer allows for precise and personalized trimming. The 3-position adjustable guard - 3 mm, 6 mm, 9 mm, allows you to adjust the length of cut to your preference without having to change attachments. What's more, the trimmer head is movable, making it easy to maintain constant contact with the skin surface, so every cut is even. Regardless of your body shape and contours, the trimmer adjusts perfectly for comfortable grooming.

No worries about irritation

The blade, made of high-quality 420J2 stainless steel, is characterized by high durability and resistance to wear, which ensures

long-lasting and reliable use. In addition, the rounded tip of the blade, known as R-Shaped, minimizes the risk of irritation, making it ideal even for very sensitive skin.

Ideal for face and body care

The Kensen trimmer is a versatile tool that is perfect for both facial care and various parts of the body. Precision blades allow you to gently trim facial hair, shape beard contours and give a close shave. It also allows you to effectively remove hair on the chest, back, arms, underarms and even intimate areas.

Created for your comfort

Kensen cares about user comfort, which is why the 06-KTMQ32-01A trimmer has an IPX6-compliant waterproof housing, allowing it to be used both dry and wet. The compact design also makes it great for traveling. The intuitive LED display shows the current charge level and selected settings, making it significantly easier to use the trimmer.
