TWS Transformers TF-T06 headphones (yellow)

TWS Transformers TF-T06 headphones (yellow)

The TWS Transformers TF-T06 headphones are the perfect solution for those who appreciate comfort and quality. With Bluetooth 5.3 technology and 10mm drivers, you can enjoy powerful bass, clear mids and crisp highs, making every song sound sensational. Plus, a microphone with ENC noise-canceling technology ensures that your conversations are always clear, even in noisy environments.

Long-lasting performance

One of the TF-T06's greatest strengths is their impressive longevity. Thanks to the large capacity of the charging case, you can enjoy up to 30 hours of listening, making these headphones ideal for both long gaming sessions and everyday use. Each headphone offers up to 4 hours of continuous use on a single charge, and the case provides an additional 3-4 full charges, so you never have to worry about running out of power.

Fast connection and easy control

The TF-T06 headphones are designed with convenience in mind. The first pairing is quick and hassle-free - just remove the headphones from the case and select "TF-T06" in your phone's Bluetooth device list. In the future, the headphones will automatically connect to your device. In addition, intuitive touch controls allow you to easily manage music, adjust volume and answer calls.

Comfort and durability in any situation

The TF-T06 are lightweight, ergonomic and have a coating that protects against water and sweat, making them ideal for physical activities such as running or exercise. With an IPX4 rating, you don't have to worry about getting wet during intense workouts or sudden rainfall. Their compact and sporty design ensures comfort even when worn for long periods of time.
