### Neewer photo backdrop stand kit

The Neewer Photo Background Stand Kit is a versatile and sturdy kit designed for professional photography in the studio and at events such as weddings and parties. The kit offers stable support for backgrounds, allowing you to create a variety of settings and professional photos. It includes adjustable stands, crossbars and accessories for convenience and ease of use.

### Adjustable height and width

The photo backdrop stand has an adjustable height from 70 cm to 2.1 m and a width from 1.5 m to 3 m. This allows you to customize the set according to your needs, whether you are photographing small subjects or organizing photo shoots with a large background.

### Stability and Durability

Made of lightweight but durable aluminum alloy, the kit provides stability even with a maximum load of up to 4 kg. In addition, the kit comes with two nylon sand bags that can be filled to increase the stability of the stands on uneven surfaces.

### Securely fastens the backdrop

The kit comes with six strong spring-loaded buckles that securely hold the backdrop in place, eliminating the risk of the material shifting or falling off. The buckles are easy to use and provide fast and secure attachment.

#### Multi-tasking and portability

Thanks to its lightweight design and included carrying bag, the kit is easy to carry and assemble, making it a great choice for professional photographers and amateurs alike who need a mobile and versatile solution for creating backdrops in photos.
