

## Maintenance-free AGM VRLA Battery Green Cell AGM02 6V 4.5Ah

Ref: 5902701411480

Maintenance-free AGM VRLA Battery Green Cell AGM02 6V 4.5Ah (for alarm system, cash register, toy)

Green Cell AGM AGM02 6V 4.5Ah Maintenance Free AGM VRLA Battery (for alarm system, cash register, toy).

Green Cell AGM AGM02 VRLA battery with 6V voltage and 4.5Ah capacity is a versatile solution, ideal for both buffer and cyclic operation. Designed for reliability and long life, this battery is ideal for a variety of devices, such as UPS, electrical toys, alarm systems, monitoring, and portable devices. Thanks to its maintenance-free design, it provides stable operation for many years without the need for maintenance.

### Versatility of use - buffer and cyclic operation

The Green Cell AGM02 battery is designed for both buffer and cyclic operation. In buffer mode, it acts as an emergency power supply, ensuring continuous operation of equipment in case of failure of the main power source. In cyclic mode, it acts as a standalone power source, making it ideal for portable devices and electrical toys. Its versatility makes it suitable for a wide range of applications.

### Maintenance-free operation and long service life

The AGM02 battery guarantees maintenance-free operation for more than 5 years, which means it does not require regular maintenance or topping up of electrolyte. Thanks to AGM (Absorbent Glass Mat) technology, the electrolyte is absorbed in a fiberglass separator, which eliminates the risk of leaks and allows the battery to operate in any position. This makes it an ideal choice for users who expect reliability and long life.

### Rugged design - safety and resilience

The Green Cell AGM02 battery is designed for reliable operation in a variety of conditions. Its sealed construction prevents electrolyte leakage, which increases the safety of use, while its resistance to vibration and ability to retain capacity over a wide temperature range guarantee stable performance in all conditions. This makes the battery ideal for both portable and stationary devices.

Name:Maintenance-free AGM VRLA Green Cell AGM02 6V 4.5Ah Battery (for alarm system, cash register, toy)Manufacturer:Green CellModel:AGM02Type:VRLA AGMVoltage:6VCapacity:4.5AhColor:BlackWeight:0.73 kgDimensions (length x width x height):70 x 47 x 101 mmOverall height (with connectors):100 mmTerminal:Faston 187 (F1)Internal resistance: $\leq 22.5\text{m}\Omega$  (at 25°C)Self-discharge:2% per month (at 25°C)Lifetime:More than 5 yearsApplication:Alarm systems, toys, UPS, monitoring.Buffer charge:6.75-6.90V (-10 mV/°C)Cyclic charging:7.2-7.5V (-15 mV/°C)Maximum charging current:1.2ACapacity range:Less than 10AhWarranty:24 monthsCondition:New
