TWS Transformers TF-T08 headphones (white)

The TWS Transformers TF-T08 headphones are an excellent choice for those who appreciate modernity and convenience. Thanks to Bluetooth 5.3, they provide a stable wireless connection over a distance of up to 10 meters, and built-in features such as active noise cancellation and a microphone make them ideal for both listening to music and making calls. They offer excellent HiFi sound quality, making them ideal for gaming, sports or everyday use. All this is topped off with an ergonomic and modern design that guarantees comfort even when worn for long periods of time.

Stable Bluetooth 5.3 connection

Thanks to Bluetooth 5.3, the Transformers TF-T08 headphones offer exceptional connection stability, which translates into smooth music playback and calls. The wireless range of up to 10 meters allows you to move freely without losing connection quality. This solution is ideal for active people who appreciate mobility and the absence of cable restrictions.

HiFi sound quality for true music lovers

If you appreciate excellent sound quality, the TF-T08 headphones are sure to meet your expectations. With 13mm drivers and support for the AAC codec, these headphones offer crystal clear high-definition sound. Whether you're listening to music, watching movies, or playing games, the sound will be rich and clear for full immersion.

Active noise cancellation for complete focus

Using active noise cancellation, the Transformers TF-T08 headphones allow you to use them comfortably even in noisy environments. This feature is invaluable when you're working, studying, traveling, or gaming when every second matters. Thanks to the elimination of external interference, you can enjoy clear sound no matter where you are.

Comfortable and ergonomic design

The in-ear style of the Transformers TF-T08 headphones is designed for maximum comfort. The sealed design ensures a perfect fit in the ear, allowing you to listen for hours without discomfort. The lightweight and compact design makes them easy to carry, while providing privacy by isolating ambient sounds.

Practical charging case

The Transformers TF-T08 headphones come with a convenient charging case that not only protects them from damage, but also allows you to charge them anywhere. This way you can be sure that your headphones are always ready to use when you need them. Plus, the built-in microphone allows you to make calls without having to reach for your phone, making these headphones the perfect everyday companion.
