Practical accessories

The Babymoov set includes carefully selected accessories that will be useful both at home and on the go. You'll find a digital thermometer for taking the temperature, a nasal aspirator, a bath thermometer, a nail care kit (mini-tips, scissors with rounded tips and a file), a gum massager that is invaluable during teething, and a cooling teether. Also included is a soft goat hair brush and three reusable cotton towels, ideal for cleaning baby's delicate skin.

Practical storage and easy transportation

All accessories can be stored in the included cosmetic bag, which is equipped with zippers, elastic bands and internal pockets. This makes it easy to stay organized and keep your space neat! What's more, its compact size makes it easy to fit into any bag or backpack. It can accompany you almost anywhere! An additional advantage of the cosmetic bag is a practical handle, which allows you to conveniently carry it and hang it in selected places.

Eco-friendly materials

The Babymoov set was created with ecology in mind. The makeup bag is made of GRS-certified recycled polyester, which proves its ecological production. The hairbrush, on the other hand, was created from FSC-certified wood, which guarantees that the material used comes from responsibly managed forests.
