Electric Heated Eyelash Curler ANLAN ALJMJ01-01

Electric eyelash curler by ANLAN

Now you can easily curl your eyelashes and enjoy a long-lasting effect. The electric eyelash curler by ANLAN is equipped with a high-performance heating element, so it heats up in just about 10-15 seconds. It offers 2 temperatures to choose from and is very easy to use. It also has a small built-in display and a durable 360 mAh battery.

Effective and safe

The heating element of the hairdresser is made of nickel-chrome alloy, so the device heats up quickly - it only takes about 10-15 seconds! The rounded brush fits perfectly into the lashes and provides fantastic results. The lighter also guarantees safety of use - you do not have to worry about burning or damaging your eyelashes. The device offers 2 temperature settings - 65°C and 85°C. The selected value will be displayed on the built-in screen.

Built-in rechargeable battery

You don't have to keep buying new batteries for your eyelash curler. The device is equipped with a durable rechargeable battery, so you can simply charge it. With a capacity of 360 mAh, it provides a long working time - don't worry about having to charge too often. You'll also find a practical USB cable in the kit, with which you can connect the eyeliner to a power source.

You can always have it at hand

The eyeliner is extremely lightweight and compact, so you can always have it with you. You can easily fit it in your suitcase, in your backpack, or even in your handbag. You no longer have to give up perfect makeup when you go on vacation or on a business trip! Use the ANLAN cordless eyelash curler to quickly curl your lashes wherever you go!
