Attachment ring for Waydoo accessories

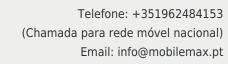

The Waydoo attachment ring is an indispensable accessory for any Subnado underwater scooter user. With the ability to mount up to three additional accessories, such as a GoPro camera or lights, you can easily create breathtaking underwater footage. Now you can easily increase visibility and capture much more interesting shots! At the same time, the product is very easy to install and sturdy - don't be afraid of damaging it quickly. With the Waydoo mounting ring any underwater expedition will become even more exciting and creative!
