Ref: 6970592332664

Torras Ostand Spin Case for iPhone 16 (Transparent)

Torras Ostand Spin Case for iPhone 16 (Transparent)

Discover a new dimension of protection with the TORRAS Ostand Spin case for iPhone 16! This unique case combines modern design and functionality to offer unparalleled protection for your phone. Thanks to the built-in grip ring, you are assured that your iPhone is safe in any situation - whether during everyday use or dynamic activity. Its thoughtful design protects against scratches and drops, ensuring complete safety.

**Holding ring - security and convenience in one**

The TORRAS Ostand Spin case is equipped with a practical holding ring that provides additional security when using the phone. It allows you to hold your iPhone securely in your hand, minimizing the risk of accidentally dropping it. The ring also functions as a stand, adding to the convenience when watching videos or making video calls. With the ability to adjust the viewing angle horizontally from 15° to 85° and vertically from 0° to 85°, you will gain full freedom over the positioning of your phone.

**Thoughtful design**

The TORRAS Ostand Spin case is designed to fit perfectly on the phone's case without adding unnecessary bulk. As a result, the phone retains its slim profile! The case is lightweight and thin, which makes it fit perfectly in the hand, providing a secure grip and full control of the device. The TORRAS Ostand Spin also doesn't interfere with the charging process, providing fast and uninterrupted charging without

having to remove the case.

#### Camera and screen protection

With Ostand Spin, you don't have to worry about the safety of your iPhone. Raised edges around the camera and screen provide extra protection against scratches and damage on flat surfaces. Whether you place your phone on a flat surface or carry it in a bag, you can rest assured that it is always safe.
