HOTWAV Note 13 Pro Smartphone - 6.6" 8+8/256GB Black

HOTWAV Note 13 Pro Smartphone - 6.6" 8+8/256GB Black

Meet the HOTWAV Note 13 Pro - a smartphone that combines powerful performance, impressive display and advanced features to offer everything you expect from a modern device. Equipped with a capacious battery, fantastic cameras and the latest software, it is the perfect choice for both work and entertainment. With the HOTWAV Note 13 Pro, you don't have to choose between style and functionality - you have it all in one device. Experience how it can transform your daily experience.

Impressive large diagonal display

The HOTWAV Note 13 Pro features a 6.6-inch HD+ display with a dynamic refresh rate of 90Hz. It's ideal for those who appreciate smooth and crisp images while watching movies, playing games, or browsing social media. The larger screen area makes content more engaging, while the high refresh rate provides exceptional responsiveness.

Reliable performance and space for your data

This smartphone offers as much as 16GB of RAM (8GB physical RAM + 8GB expandable) and 256GB of internal ROM, making it a real beast in terms of performance. Thanks to the UNISOC T606 Octa-core processor used, the HOTWAV Note 13 Pro efficiently handles multitasking, running apps and games with high demands. What's more, the ability to expand the memory by an additional 1TB via TF card means you'll never run out of space for photos, videos or apps.

Exceptional photos

The 50MP main camera ensures that every photo will be sharp and full of detail, regardless of lighting conditions. In addition, the 16MP front camera allows you to take high-quality selfies and make video calls. Thanks to advanced image processing algorithms, you will capture every moment in the best quality.

Long runtime and fast charging

With an impressive 5160mAh battery capacity, the HOTWAV Note 13 Pro easily stands up to a busy workday, providing long hours of use without the need to charge - up to 800 hours in standby mode, 20 hours of phone calls, 27 hours of music playback and up to 8 hours of video content viewing. When the time comes, the 18W fast charging technology allows you to instantly replenish power so you can get back to your activities without a hitch.

Modern solutions for your convenience

The smartphone is equipped with face unlock and a fingerprint reader for fast and secure access to your device. In addition, NFC support enables convenient mobile payments and seamless pairing with other devices. It also works with a variety of navigation systems, such as GPS, GLONASS, Beidou and Galileo, so you'll always find your way to your destination.

Latest software and future-proof technologies

Running on Android 13, HOTWAV Note 13 Pro provides the latest features and enhancements, offering an intuitive interface and optimal performance. The software is designed to use the full potential of the hardware, ensuring smooth and responsive performance in any situation.
