

Telesin three-channel charger + 2 batteries for GoPro Hero 9

Ref: 6972860179803

Telesin three-channel charger + 2 batteries for GoPro Hero 9 / 10 / 11 / 12 (GP-BTR-903-B)

Telesin three-channel charger + 2 batteries for GoPro Hero 9 / 10 / 11 / 12 (GP-BTR-903-B).

The Telesin brand charger allows you to quickly charge up to 3 batteries for your GoPro sports camera at the same time. An advanced protection system protects them from damage. On the other hand, its light weight of 27.5 grams and compact size also make it perfect for traveling. The device is equipped with special LEDs that light up red when charging is in progress and green when it is complete. It also comes with 2 extra batteries for GoPro Hero 9 / 10 / 11 / 12, which will allow you to significantly extend the recording time.

Instantly charges your camera's batteries

The charger supports 5V-2A fast charging. It only takes 2 hours to fully charge the included batteries! When charging is complete, it will stop working on its own, making it more energy-efficient and environmentally friendly.

2 heavy-duty batteries included - create even more great shots

The available batteries in the kit have a capacity of 1750 mAh, which translates into a recording time of up to 112 minutes (when creating 4K/30FPS videos). They are fully compatible with the GoPro Hero 9, GoPro Hero 10, GoPro Hero 11, GoPro Hero 12 camera, as well as the original batteries. With the Telesin brand charger, you can conveniently charge them all together.

Total safety of use

The complex security system means that you can use the product without worry. Among other things, the device is equipped with protection against overcharging, overloading, overvoltage, short circuit and inadequate temperature. Freely charge the batteries of your GoPro camera - neither they nor the charger are in danger of being damaged!

Always at hand

The device is also incredibly handy, lightweight and compact, which makes transporting it not even the slightest problem. Its light weight and dimensions of only 51.7x59.6x20.4 mm allow you to conveniently pack the charger in your backpack, suitcase or handbag, so you can take it with you almost anywhere - outdoors or on vacation. The batteries of your sports camera will always be ready to provide it with energy to create original shots!
