

TELESIN charger for GoPro 9/10/11/12

TELESIN charger for GoPro 9/10/11/12

Ref: 6974944462443

TELESIN charger for GoPro 9/10/11/12

The TELESIN charger allows you to charge three batteries at the same time for GoPro 9, 10, 11 and 12 series cameras. Thanks to its compact design, it will work well both at home and on the go, providing not only the necessary power, but also safe storage of memory cards.

Multifunctionality and fast charging

The device supports various types of batteries for GoPro, including original GoPro and TELESIN batteries. With support for a 15W USB-C input, the device can fully charge three batteries in 2.5 hours. Each pocket has an independent LED indicator to let you know the charge level. To check the energy level, simply insert the battery into the charger or open the lid.

Practical design and high quality

The TELESIN charger features a slim and compact design with a thickness of just 2.5 cm, making it easy to store in a pocket or bag. It has a side USB-C charging port for added convenience, allowing you to easily connect the cable in various situations. The charger's high-quality ABS material is fireproof, dustproof and drop-proof, ensuring long device life and the safety of stored batteries.
