

## Earbuds TWS Haylou X1 2023 ENC (grey)

Earbuds TWS Haylou X1 2023 ENC (grey)

Ref: 6971664934007

### Haylou X1 2023 Headphones (Grey)

Discover a new dimension of sound with the modern Haylou X1 2023 headphones, which combine elegance, the latest technology, and user comfort. The aluminum case provides a stylish look and durability, while the matte finish protects against fingerprints and scratches. Advanced audio technology with a titanium diaphragm, ergonomic design, and features that facilitate daily use make these headphones an ideal choice for demanding users.

### Ergonomic Design

The Haylou X1 2023 headphones stand out with their ergonomic semi-in-ear design, ensuring comfort for extended wear. The 60-degree angle perfectly fits the ear, minimizing the risk of falling out during daily activities. The design is not only functional but also aesthetically refined, highlighting the modern character of the product.

### Advanced Audio Technology

The X1 2023 model from Haylou is equipped with a titanium diaphragm and HD audio codec, ensuring sound clarity and rich sound. Thanks to these technologies, listening to music or podcasts becomes a true pleasure. The headphones also offer high sound quality during phone calls, which is particularly important in noisy environments.

### Optimized Gaming Experience

Haylou X1 2023 are equipped with an algorithm that reduces the delay between sound and image, which is key for gaming enthusiasts. This feature ensures sound synchronization with the action on screen, significantly enhancing the gaming experience.

### ENC Function and Noise Control

The innovative ENC (Environmental Noise Cancellation) feature effectively silences ambient sounds, enabling clear and distinct conversations. This solution is invaluable in urban spaces, where environmental noise can be bothersome.

### Intelligent Gesture Control

The headphones are equipped with intelligent gestures, allowing easy control of music playback, answering and ending calls, and even switching between modes, including the gaming mode. This functionality makes using the headphones even more intuitive and convenient.

### Plenty of Advantages

The headphones have IPX4 protection, making them splash-resistant. The HAYLOU Sounds app allows customization of EQ settings, changing the Bluetooth device name, and checking the battery level. The charging case offers a charging indicator, and charging is efficient and quick thanks to the USB-C input. The set includes headphones, a case, a charging cable, and a manual. The operating distance is 10 meters, with a battery life of 5.5 hours, extended to 24 hours with the case. All these features make the Haylou X1 2023 headphones an ideal choice for those who value quality, functionality, and style.
