### Zeblaze GTS 3 Smartwatch (Black)

Zeblaze GTS 3 allows you to monitor your physical activity and offers a range of useful features. Its lightweight design provides long-lasting comfort, and the large display allows you to use the watch comfortably. The smartwatch will also help you increase the efficiency of your workouts - more than 100 sports modes are available. In addition, you can make Bluetooth calls, and the durable battery guarantees up to 15 days of use on a single charge.

### HD picture quality

View notifications and monitor your activity in full glory. The smartwatch uses a large 2.03" color display with 260 PPI. Which translates into an HD-quality image. Take advantage of the available dial designs or set your own photo to personalize the look of the watch.

### Lightweight and comfortable

Workout, meeting with friends, work - the smartwatch will work just about anywhere. It stands out for its minimalist design, so it will match many styles. Its weight does not exceed 20.7 g and thickness is 11 mm, so you can wear it for a long time without discomfort. In addition, the silicone strap is gentle on the skin and will not cause irritation.

### Up to 15 days of use

Use the smartwatch without worrying about frequent charging. Zeblaze GTS 3 works for up to 7 days with daily use or up to 15 days - if you use the basic functions. What's more, it stays in standby mode for about 30 days. In turn, its charging will take about 1.5 h.

### Take care of your health with Zeblaze GTS 3

The smartwatch monitors heart rate around the clock, measuring blood saturation and heart rate. In addition, it generates detailed reports on sleep quality, so you can more easily eliminate bad habits and finally get a good night's sleep. In addition, it measures stress levels and offers relaxing breathing exercises. A menstrual cycle tracking function is also available.

### More than 100 sports modes

Running, cycling, walking, yoga - the options are plentiful. Choose the right discipline for you and make your workouts more effective. The smartwatch also counts calories burned, distance traveled and steps, so you can track your progress.

### Even more useful features

Receive incoming calls from the watch - just pair it with your smartphone via Bluetooth. In addition, voice assistant support makes it even easier to use. You can also enjoy the available games, find a lost watch or smartphone, take photos remotely, etc.
