

BlitzWolf BW-HL6 smartwatch (black leather)

BlitzWolf BW-HL6 smartwatch (black leather)

Ref: 5906168436772

Smartwatch BlitzWolf BW-HL6 Black Leather (black).

The BlitzWolf BW-HL6 smartwatch is a modern device that combines elegance with advanced technology, offering a wide range of health and sports functions. The black leather strap adds a classic look, blending perfectly with any style, while the IP67 protection rating guarantees robustness and reliability in all conditions.

Display and interface

The BlitzWolf BW-HL6 is equipped with a 1.85-inch AMOLED 3D screen, which provides high image quality thanks to its 400x450 pixel resolution. The touchscreen allows easy and intuitive use of the watch's numerous functions.

Health functions

The smartwatch offers a comprehensive set of health functions, including ECG and HRV measurement, blood sugar monitoring, body temperature, blood oxygen levels and blood composition (uric acid). (Note: The results of these measurements are available for informational purposes only and are not a substitute for medical consultation.) The watch also monitors blood pressure, heart rate, sleep quality and reminds you of your ovulation period, making it a comprehensive health monitoring tool.

Sport and exercise modes

The BlitzWolf BW-HL6 supports more than 100 built-in sports modes to accurately track physical activity. Features such as counting steps, calories burned and distance traveled help you maintain an active lifestyle. The watch is also IP67 waterproof, allowing it to be used for outdoor workouts, regardless of weather conditions.

Compatibility and connectivity

The smartwatch is compatible with Android 4.4 and later and iOS 8.2 and later operating systems. It uses Bluetooth 5.1, which ensures a stable and fast connection to mobile devices. This allows you to stay in touch with loved ones and receive calls from your wrist. The watch's management app is available in multiple languages for added convenience.

Battery and charging

The BlitzWolf BW-HL6 is equipped with a 300mAh battery, which provides a battery life of 7-10 days and a standby time of up to 30 days. Charging is done magnetically and takes about 2-3 hours, allowing you to quickly charge the watch and enjoy its functions for a long time.

Elegant and practical

The BlitzWolf BW-HL6 smartwatch is made of high-quality materials, such as PC+ABS with nano conductive electrodes. The black leather strap provides a comfortable wearing experience and an elegant look. You can customize the look of the device by choosing from a variety of available dials.
