

## TWS Haylou GT7 Neo Headphones (white)

TWS Haylou GT7 Neo Headphones (white)

Ref: 6971664934113

Haylou TWS GT7 Neo Headphones (black).

Enjoy high quality sound. The Haylou GT7 Neo headphones deliver stunning sound thanks to their 8-millimeter drivers, and are also distinguished by their long operating time. They offer a low-latency mode created with gamers in mind and use Bluetooth 5.2 connectivity to enjoy reliable, stable transmission. They also support noise cancellation during phone calls. At the same time, they are extremely comfortable and lightweight - each weighs only 3.9 grams.

Bluetooth 5.2

Connection problems are a thing of the past. Thanks to Bluetooth 5.2 technology, the headphones provide fast, stable transmission, high noise immunity and lower power consumption. What's more, GT7 Neo works in both mono and stereo modes without any problems. So you can use them both together just one - it's all up to you! There is also a special gaming mode that guarantees ultra-low latency. Enjoy smooth gameplay and don't let your opponent surprise you!

Delightful sound

Let yourself be invited to a real musical feast. The headphones are equipped with dynamic 8mm drivers and support the AAC codec. As a result, they can provide high-end sound with high fidelity. Delightful, natural sound, emphasized bass, ear-pleasing treble and rich detail - all this will let you discover your favorite songs anew!

#### Made for conversations

With Haylou you can comfortably talk on the phone in almost any situation. The GT7 Neo headphones support the advanced DNN (Deep Neural Network) algorithm, which enables effective reduction of ambient noise - eliminating unnecessary sounds in real time. Supermarket, shopping mall, crowded bus - no matter where you are, with GT7 Neo you are sure that your interlocutors will hear you without any problems!

#### Many hours of music

Listen to music uninterrupted on the train, at work or at home - don't worry that the headphones will drain too quickly. Haylou GT7 Neo run for up to 6.5 hours on a single charge! You can also extend this time to about 22 hours using the included case. What's more, it only takes about 1.5 hours to charge the headphones - you don't have to wait too long!

#### Touch operation

Ensure convenient access to all the most important functions of the headphones. GT7 Neo are equipped with user-friendly touch panels, so that with just the right number of touches you can, for example, switch a song, pause playback, activate low delay mode, answer the phone or hang up. No longer do you have to take your smartphone out of your pocket every time - now everything you might need is at your fingertips!

#### Lightweight and comfortable

Listen to music as long as you want - with Haylou GT7 Neo you will forget about discomfort and fatigue! The headphones are incredibly light - each weighs only about 3.9 g. They are also distinguished by their ergonomic design, thanks to which they provide the comfort you dream of and fit perfectly in your ears - don't worry about them falling out! What's more, you'll find 3 pairs of interchangeable rubber bands in 3 sizes (S, M and L) in the set, which will allow you to adjust GT7 Neo even better to your habits.
