Cable USB-C MOKiN 1.2m 100W PD USB4 40Gbps (black)

MOKiN USB-C cable 1.2m 100W PD USB4 40Gbps (black)

The USB-C to USB-C Thunderbolt 3 cable will work well for a variety of applications. It can charge at up to 100W, transfer files at up to 40Gbps, and display video at up to 5K resolution. At the same time, it is extremely durable and features wide compatibility.

### Instant file transfer

Now you can copy your vacation photos to your computer or transfer an edited video to your smartphone in the blink of an eye. The cable supports data transfer speeds of up to 40 Gbps, so all the files you need will be at their destination in no time. You don't have to wait too long anymore!

### Fast charging

About to leave the house and your phone is close to draining? Or maybe you urgently need to make a correction to a project, but your laptop refuses to work? No problem - the MOKiN cable allows you to charge your devices with up to 100 watts of power. This means that it only takes a few moments for the equipment you need to be ready to work again!

### High-resolution picture

With the cable you can also connect additional monitors to your laptop and enjoy fantastic image quality. The product provides up to 5K

resolution for one screen and 4K resolution for two. This translates into vivid colors and rich details! You also don't have to worry about flickering and lost frames.

#### Wide compatibility

The cable is compatible with most commonly used devices. You will successfully use it with many models of smartphones, tablets and laptops from well-known brands, such as Xiaomi, HP, Dell and Samsung, for example. With MOKiN you don't have to limit yourself!

#### Excellent quality

Aluminum components and nylon braid make the cable extremely durable and resistant to mechanical damage. It will not be intimidated even by repeated bending or stretching! Thanks to this, it will serve you perfectly for a long time.
