Darkflash DK360 Computer case + 4 ARGB fans (black)

Ref: 8809832890818

Darkflash DK360 Computer case + 4 ARGB fans (black)

Darkflash DK360 computer case + 4 fans (black)
Create for yourself a computer that will perform not only at work, but also, for example, during dynamic gaming. The Darkflash DK360 case is compatible with a wide variety of components and is equipped with several key ports - including USB 3.0 and USB 2.0. In addition, you will find 4 ARGB fans in the set.

Original design
Do you want your computer to not only work great, but also look great? The DK360 case will be an excellent choice! Its side panel is made of tempered glass, and the front panel is distinguished by an interesting mesh structure. All this means that you can, for example, originally expose selected components with RGB backlighting and get fantastic visual effects.

Huge possibilities
The case offers plenty of expansion possibilities, so you can easily create your dream computer. The DK360 allows you to install 2 HDDs or 1 SSD, and is compatible with ATX, M-ATX and ITX motherboard standards. It also allows you to install a graphics card of up to 350 mm in length and a CPU cooler with a maximum height of 160 mm.

Optimal cooling system

Play even the most demanding games and don't worry that your computer will overheat. The DK360 case allows you to create an optimal cooling system - thanks to its improved design, it dissipates heat efficiently. It also allows you to install up to 6 fans. What's more, you can install water cooling in its top, front or rear part.

Comfortable work
Customize your computer to your needs and enjoy comfortable work. The DK360 case is equipped with the most important ports and buttons that will make it easier for you to operate your finished equipment. Among other things, there is a USB3.0 port for instant file transfer. There are also 7 expansion card slots for you to expand your configuration exactly the way you want.

Included
Chassis
