Travel wall charger, Essager, ECT65-LT01-Z, 65W (black)

Travel network charger, Essager, ECT65-LT01-Z, 65W (black).

The Essager ECT65-LT01-Z 65W travel charger is an indispensable gadget for any traveler. Thanks to GaN technology, it is not only compact and lightweight, but also extremely efficient. The device supports four plug standards (US, AU, UK, EU), making it ideal for use in more than 200 countries. Three ports (2x USB-C, 1x USB-A) and one AC outlet allow you to charge and power multiple devices simultaneously for maximum convenience and time savings.

#### Global versatility and compact design

You can use the Essager charger all over the world. The universal plug adapter covers US, Australian, UK and European standards, allowing easy adaptation to local outlets. A push-and-release mechanism allows for easy plug conversion. Thanks to its compact design (52.6 x 82.9 x 54.7 mm), the product does not take up much space in your travel bag.

#### Security features

Built-in intelligent protection systems protect against overvoltage, overload, overheating, short circuit, and anti-static protection. In addition, a dual 10A fuse eliminates the risk of damage to devices connected to the charger. Protection against accidental insertion of the plug makes it safe even for children. An additional fuse included provides another layer of safety.

### Functionality

The Essager charger is equipped with three ports and one AC outlet. The USB-C ports offer fast charging of up to 65W, ideal for laptops, tablets, smartphones and other devices. The USB-A port provides additional flexibility, allowing you to charge older devices. This allows you to charge your devices simultaneously without having to carry multiple chargers.

### Compatible with multiple charging protocols

Support for a variety of fast charging protocols, including PPS, PD3.0, PD2.0, QC4.0, QC3.0, QC2.0, FCP, SCP, BC1.2, DCP, Apple 2.4A, Samsung 2A, Samsung AFC and others allows you to instantly renew the energy of compatible equipment.
