Choetech T611-F 15W 3-in-1 Magnetic Charger for iPhone 12/13/14/15 series.

The Choetech T611-F magnetic charger is the perfect solution for those looking for a versatile, convenient and stylish charging device. With its functionality, compact design and ability to charge three devices simultaneously, the T611-F is an essential purchase for any user of smartphones, smartwatches and wireless headphones. Enjoy fast, safe and organized charging wherever you are!

Convenient and fast charging

The Choetech T611-F magnetic charger is a state-of-the-art solution that provides wireless charging for three devices simultaneously. With support for the latest iPhone 12, 13, 14 and 15 series, iWatch Ultra, SE, 8, 7, 6, 5, 4, 3, 2 smartwatches and AirPods Pro 3, 2, Pro and Pro 2, the T611-F charger offers the versatility and functionality you need to organize your desk and always have your devices charged.

Charge three devices simultaneously

The Choetech T611-F charger supports charging smartphones at a maximum of 15W, watches at 2.5W and headphones at 3W. This allows you to charge your most important devices at the same time without getting tangled up in cables. The magnetic connection ensures the stability and safety of your devices while charging, and the minimalist design makes the charger fit perfectly into any interior.

Practical and portable design

The foldable design of the T611-F allows you to easily store and transport the charger. You can take it with you anywhere - to work, on vacation or on a business trip. The detachable smartwatch charger can be used as a separate device that can be connected to any USB-C-enabled equipment, adding to its functionality.

Comfort and style in one

The Choetech T611-F charger supports both horizontal and vertical charging of smartwatches. This allows you to comfortably watch movies, participate in video conferences or make calls without interrupting the charging process. The wireless solution also eliminates cable clutter, keeping your desk neat and organized at all times.
