TWS Choetech BH-T17 ANC+ENC Wireless Headphones (black)

Choetech BH-T17 wireless headphones combine style, durability and superior sound quality. With water resistance, long battery life, a modern case and advanced Bluetooth technology, they offer an exceptional audio experience in any situation. Whether you're a music connoisseur, movie enthusiast or gaming enthusiast, BH-T17 will meet your expectations. Choose Choetech headphones and enjoy uninterrupted sound quality and comfort every day.

Long-lasting performance and modern case

The BH-T17 headphones feature an impressive battery performance that allows you to use them for up to 40 hours with a charging case and up to 8 hours on a single charge. The stylish flip case, featuring a swivel cover, makes it easy to remove the headphones and offers the option to carry them in your hand or hang them on your bag as a pendant, combining functionality with modern design.

Advanced technology and comfort

Supporting Bluetooth 5.4 technology, the BH-T17 headphones provide a sustained signal and interference-free connectivity, guaranteeing the highest sound quality. With a minimalist and stylish design and a perfect fit in the ear, they provide comfort even during prolonged use. PD's state-of-the-art, instant charging with a USB-C cable makes replenishing power easier and faster than ever.

Waterproof and performance

Choetech BH-T17 is ideal for those who are active and value durability. With an IPX6 waterproof rating, you can use them in a variety of conditions - whether it's rainy weather or intense workouts. Their active noise cancellation (ANC) effectively eliminates noise, offering a reduction level of -28 dB, allowing you to fully immerse yourself in music or conversations.

Intuitive controls and stylish design

Intuitive touch-sensitive panels on the headphone body allow you to conveniently manage various functions. Answer and reject phone calls, resume and stop music, switch between tracks and activate the voice assistant with simple taps. The minimalist design makes the BH-T17 not only functional, but also elegant.
