Power Bank Mcdodo MC-3245 10000mAh, 22.5W, up to C (purple)

The Mcdodo MC-3245 is a compact 10,000mAh powerbank that's perfect for everyday use. With up to 22.5 watts of power, it allows for fast and efficient charging, and the built-in USB-C cable eliminates the need to carry extra cables. In addition, the compact size makes the product easily fit in a pocket or bag, making it the perfect travel companion.

Large capacity

The Mcdodo MC-3245 powerbank offers a capacity of 10,000 mAh, allowing you to charge your smartphone, tablet or other mobile devices multiple times. This is perfect for when you need power during long days away from home or on the go! What's more, the product will only take about 3 hours to charge.

Fast charging thanks to 22.5 watts of power

The MC-3245 offers up to 22.5 watts of power and supports such fast charging standards as PD, QC, VOOC, FCP and AFC, for example. So you can charge the devices you need in no time and save time!

Charge several devices simultaneously

With two output ports (USB-A and USB-C) and a built-in USB-C cable, you can conveniently charge up to three devices at once. Don't wait

for one device to be ready to use before plugging in another!

Built-in USB-C cable for complete convenience

The powerbank has a built-in USB-C cable, eliminating the need to carry extra cables. This is especially convenient when traveling! What's more, it will work well as a holder to make it easier for you to carry your device.

Safe charging

Mcdodo cares about the safety of use, so the MC-3245 is equipped with an advanced system that protects your devices from overcharging, overheating, short circuits and other hazards. In addition, the powerbank is compliant with international aviation standards, so you can take it with you on a plane without any problems.

Compact design with LCD display

The powerbank features a sleek, modern design, and its built-in LCD display shows the current battery level and fast charging status. It is also distinguished by its compact size (103 x 67.5 x 26 mm) and light weight (240 g), making it ideal for taking on the go.
