Power Bank Mcdodo MC-3881 Digital Display 10000mAh, 22.5W do D (czarny)

Mcdodo MC-3881 Power Bank, USB-C, 2x USB-A, 22.5W, 10000mAh (white)

The Mcdodo MC-3881 powerbank combines modern design, compact design and powerful performance. With a 10000mAh capacity, you can count on recharging your devices multiple times, no matter where you are. Its compact size and lightweight design allow it to be easily carried, and its power of up to 22.5 watts enables fast charging. The product is also ideal for air travel, meeting international standards for transporting electronics.

Fast charging with power of 22.5 watts

The Mcdodo MC-3881 offers power of up to 22.5 watts, allowing it to quickly charge even the most demanding devices. It also supports several popular standards, including PD, QC, SCP, FCP and AFC. So you can charge your phone, tablet or headphones in no time!

Charge three devices simultaneously

With two USB-A and one USB-C ports, the Mcdodo powerbank allows you to charge up to three devices simultaneously. Whether you need to charge your smartphone, tablet or other accessories, you can do it conveniently and without delay.

Comfort of use and modern design

The Mcdodo MC-3881 power bank is not only about performance, but also about comfort. It is equipped with an independent button that

allows you to easily control charging. In addition, it fits well in the hand and is pleasant to the touch. It is also distinguished by a built-in LED screen that continuously displays its charging level.

10000 mAh capacity

The 10000 mAh capacity is enough to charge most modern smartphones up to several times. Whether you need to renew the energy of your phone, tablet or other equipment, the Mcdodo MC-3881 provides reliable power where you need it.

Certified quality and safe to use

The Mcdodo MC-3881 powerbank meets the highest safety standards, which confirms its reliability. The use of excellent quality components guarantees protection against overcharging, overheating and short-circuiting, among other things, so you can use it with peace of mind. In addition, the use of durable ABS and PC plastics ensures exceptional durability of the device.
