

Wireless headphone with microphone New Bee NB45 (black)

Ref: 5906168439698

Wireless headphone with microphone New Bee NB45 (black)

Wireless headphone with microphone New Bee NB45 (black).

New Bee Bluetooth headphone allows you to talk freely for hours. It will work well for office workers, engineers, etc. With a powerful Bluetooth 5.0 chip and noise cancellation technology, the handset provides high quality calls in any conditions. In addition, the lightweight and ergonomic design is responsible for the comfort of use, so you can use it for a long time.

Long talk time and fast charging

The New Bee handset offers up to 20 h of talk time on a single charge, making it ideal for long days of work or heavy phone use. The long-lasting battery keeps the device on standby for up to 180 days, eliminating the need for frequent charging. In addition, it takes only 2 h to fully charge, so you don't have to wait too long until it's ready to continue working.

Bluetooth 5.0

Equipped with the QCC3020 Bluetooth 5.0 chip, the handset provides a stable and fast connection of up to 20 meters. This allows you to move freely without having to carry your phone with you. The technology also offers excellent audio synchronization, making listening to music, making calls or watching videos more enjoyable, without lag or interference.

Noise reduction and crystal sound quality

Thanks to its dual noise-canceling ENC microphone, the New Bee handset effectively eliminates ambient sounds, providing clear and crisp sound during calls. This technology ensures that your voice will be heard clearly, even in noisy places such as city streets or crowded cafes. In addition, a 10-millimeter driver with a composite diaphragm guarantee detailed sound.

Ergonomic design and comfort

The handset is designed so that you can wear it on either your left or right ear. Weighing just 10 grams, it is extremely lightweight and virtually imperceptible during use, allowing you to wear it comfortably for long periods of time. Thanks to its flexible grip, it fits perfectly on the ear for stability.

Universal compatibility

The New Bee handset works seamlessly with most Bluetooth-enabled devices, including iOS and Android smartphones, as well as laptops, tablets and MP3/MP4 players. It's the perfect tool for both work and entertainment, providing full freedom to use different devices.
