Satisfyer Erection Ring (navy blue)

Satisfyer Power Ring is an erotic toy for couples that will raise your sensations to a new level. The innovative vibrating ring, made of soft, medical-grade silicone, adapts perfectly to any size penis, creating a blood-stopping effect. This makes the stamina and duration of intimate moments much longer. With ten vibration programs and a waterproof design, the Power Ring guarantees unparalleled pleasure and comfort under any conditions. It will also be perfect for solo play.

Prolonged and intense sensations

With Satisfyer Power Ring, lovemaking sensations are longer and more intense. The flexible ring gently clings to the penis, restricting blood flow, which delays ejaculation while providing a stronger and fuller erection. The discreet mode allows you to enjoy intimate moments anywhere, anytime.

Versatility and additional stimulation

The Satisfyer ring is not only a way to prolong erections and delay ejaculation, but also an excellent tool for clitoral stimulation. Precisely designed, it adheres perfectly to the body, offering your partner incredible sensations. You have up to 10 different vibration patterns at your disposal, from gentle to intense, so you can adjust them to your rhythm and discover completely new levels of pleasure.

Hygienic and waterproof

The product is made of high-quality medical-grade silicone, which is hypoallergenic and completely safe for your skin. It is also easy to clean - just wash it under running water. Thanks to its IPX7 waterproof rating, the Power Ring can also be used in the bathtub and shower, giving you endless possibilities for fun.

Powerful battery and Easy Charging

The built-in rechargeable lithium-ion battery ensures that the ring lasts a long time. Its charging is convenient and is done using the magnetic cable you'll find in the package. This ensures that the Power Ring is always ready to enhance your sensations when you need it.
