

Inspection Camera WiFi Ancel W655

Inspection Camera WiFi Ancel W655

Ref: 5906168439179

Ancel W655 WiFi endoscopic camera

The Ancel W655 endoscope camera is a highly advanced diagnostic tool that allows users to make accurate inspections in hard-to-reach or invisible areas. It is ideal for auto repairs, plumbing inspections, or even DIY at home.

High image quality

Equipped with a 2 MP camera and the ability to capture 1080p video, the Ancel W655 delivers clear and detailed images. The optimal viewing distance ranges from about 4.5 cm to 10 cm, allowing for the best image quality without direct contact with the subject.

Versatile application

Whether in a professional workshop or a home garage, the Ancel W655 will find its uses. It can be used for car inspections, pipe repairs, ventilation inspections or maintenance of household appliances. The versatility of this camera makes it an invaluable tool for anyone who needs an accurate view of hard-to-reach areas.

Convenience and ease of use

The camera is equipped with a flexible, semi-rigid cable of up to 10 meters, which significantly increases its range and accessibility. In addition, the Ancel W655 is iOS and Android compatible, allowing it to easily connect to most smartphones and tablets via Wi-Fi. This

makes it possible to watch live and record and save images directly on the mobile device.

Long-lasting operation and reliability

The integrated 450 mAh lithium battery provides up to 2.5 hours of continuous operation, which is sufficient even for long inspection sessions. The camera is also water resistant (IP67), allowing it to be used in damp or wet conditions.

Practical accessories included

The kit also includes practical tools that will further facilitate your work. In the set you will find a mirror, magnet and hook, which greatly expand the functionality of the device, allowing you to catch small objects or better adjust the camera's viewing angle.

Included:

Endoscopic camera
Hook
Magnet
Mirror
