Smartwatch Mobvoi TicWatch GTH (Raven Black)

Ref: 6940447103091

### Smartwatch TicWatch GTH

Take care of your health, improve your fitness and don't miss any important news. The TicWatch GTH smartwatch measures skin temperature and monitors heart rate, respiration rate, blood oxygen saturation and sleep. It allows you to choose from 14 sports modes and is water resistant to 5ATM. Its convenient operation is enabled by a high-resolution 1.55" color display. The device also stands out for its long battery life, which reaches 10 days on a single charge.

### Caring for your health

The smartwatch will provide you with valuable information about your health. It can measure your skin temperature with an accuracy of about 0.1°C and will immediately notify you of any alarming changes. TicWatch GTH can also accurately measure your heart rate and blood oxygen saturation for up to 24 hours a day. It also monitors your breathing rate and stress levels. All this will allow you to get to know your body better and react to alarming symptoms in a timely manner.

### Get in shape

Perform in your favorite sport or try something new. The smartwatch offers 14 sports modes such as running, cycling, swimming, gymnastics or mountain climbing, for example. It counts steps, distances covered and calories burned, measures your heart rate during exercise and lets you set new goals to achieve. Moreover, the special TicMotion detection system recognizes certain activities and

reminds you to record your workout.

#### Clear display

What makes operating a smartwatch so comfortable and enjoyable? The TicWatch GTH features a high-resolution 360x320px, 1.55" touch-sensitive, curved display that provides a clear, easy-to-read image in almost any lighting condition. You can also customize its appearance to your liking. If you want, upload your favorite photo and set it as a screen background - this way you will give the device a unique character.

#### Stay connected

With TicWatch GTH, you won't miss anything important. When you pair it with your phone, it will instantly notify you of incoming calls and notifications. Messages received will be displayed on the smartwatch screen - just lift your wrist to read them! The device supports 7 languages and is compatible with many popular apps.

#### Additional features

The smartwatch offers even more useful features. For example, it allows you to remotely control the music playing from your smartphone. Now just lift your wrist to pause a song or switch to another one - no need to reach for your phone every time! TicWatch GTH will also remind you to move if you stay in one place for too long. The device also allows you to locate your paired smartphone (if it is within Bluetooth range).

#### Durable battery

Don't worry that your smartwatch will not work when you need it the most. TicWatch GTH is equipped with a durable battery with capacity of 260mAh. This means that when it is fully charged it can serve you perfectly well for up to 10 days. This means that it will be great for training, at work or even during a trip.

#### Convenient and waterproof

Fearlessly use your smartwatch in almost any conditions. The TicWatch GTH features 5ATM water resistance, which means you don't have to take it off your wrist when it's raining, exercising, skiing or going to the pool. Water, sweat or snow pose little threat to it! The smartwatch is also extremely lightweight and comfortable. It's equipped with a soft silicon strap that provides unparalleled comfort. If you want, you can also easily exchange it for another one.
