Colmi L10 smartwatch (silver)

Lightweight, stylish and elegant - the Colmi L10 will match almost any style. It features a round dial, which gives it a classic look. The 1.4" IPS display provides clear access to information and makes it easy to use. The smartwatch also supports Bluetooth connections and monitors work and sleep. What's more, the available sports modes will allow you to take care of your fitness. The device also offers a menstrual calendar function and will remind you to drink water and change your position if you sit for too long.

Convenient access to notifications

The Colmi L10 smartwatch is equipped with a 1.4" IPS display, so you can easily use the watch's settings and functions. What's more, it offers 360 x 360 resolution, and the slim zinc alloy bezel further enhances ease of use. You can also customize the menu view and dial pattern by choosing from the available designs.

Bluetooth calls

Make phone calls directly from the smartwatch. After pairing the Colmi L10 with your smartphone, you can make, receive and reject incoming calls. What's more, the smartwatch allows you to read new messages - you no longer have to reach for your phone every time.

For the sake of your health

Thanks to the use of modern algorithms, the smartwatch monitors your heart rate around the clock. This allows you to keep track of measurements and react quickly in case of alarming symptoms. In addition, it measures blood saturation and records data on sleep phases. As a result, you will find it easier to eliminate bad habits and get a good night's sleep at last.

Will allow you to take care of your fitness

Do you like active recreation? Take the Colmi L10 with you for a workout. The smartwatch offers various sports modes to choose from, such as running, cycling, badminton or skipping. Other modes such as yoga, karate, dance, volleyball, etc. are available in the FitCloudPro app. You can also set goals and check reports after exercises, for even more effective workouts.

Water resistant

The smartwatch is IP67 water resistant, so you can use it freely without worrying about splashes. It will perform perfectly during your workout, and it won't be intimidated by rain either. In addition, you don't have to take it off for hand washing. Colmi L10 can accompany you almost anywhere!

More possibilities

This is not the end of the smartwatch's advantages! The smartwatch offers a menstrual calendar function, so you can get to know your body even better. The device also allows you to check the weather forecast, manage your music player and set an alarm clock. In addition, it will remind you to drink water and change your position if you sit for too long.

Up to 7 days of operation on a single charge

Use the smartwatch for up to 7 days on a single charge. The device is equipped with a 225 mAh lithium-polymer battery. In addition, it remains in standby mode for about 30 days. On the other hand, charging the watch will take about 2 h - you will renew its energy with a magnetic USB cable (included).
