Smartwatch Colmi P81 (Gold)

The Colmi P81 smartwatch is ideal for people who want to take care of their health. It offers a range of sports modes to make your workouts more effective. Equipped with a large 1.9-inch HD display, it provides clear and convenient access to notifications, settings, etc. The watch supports a variety of functions, from monitoring health parameters to full control over music and phone calls, making it a great choice for anyone looking for a versatile everyday device.

Health and activity monitoring

The smartwatch offers advanced health monitoring features, including heart rate, blood oxygen levels (SpO2) and blood pressure. In addition, the watch tracks the quality of sleep, providing detailed information on its timing and phases. With these features, you can take better care of your health and keep track of any changes in your body. Support for multiple sports modes allows you to record your physical activity, providing accurate data on steps, distance and calories burned.

Bluetooth calls

The smartwatch allows you to take phone calls without having to reach for your phone - all thanks to Bluetooth Calling, which allows you to conveniently make calls directly from the watch. The built-in microphone and speaker provide good sound quality. In addition, the watch allows you to view your call and contact history. This allows you to stay in touch with loved ones, even during your workout or

daily chores.

Stylish design

The watch is not only distinguished by its functionality, but also by its stylish design. Thanks to its slim shape and elegant envelope, it fits perfectly into any style. In addition, the smartwatch offers more than 100 different dials to choose from, which can be changed at will. You can also upload your own photo from the gallery.

Water resistance and durability

The watch is IP68 waterproof certified, which means it is resistant to water and sweat - you can wear it while washing your hands, in the rain or during an intense workout without worrying about damage. Thanks to its durable design and high-quality materials, the smartwatch is ready for any challenge.

Voice assistant and smart notifications

The built-in voice assistant allows you to conveniently manage the watch's functions through voice commands - you can set an alarm, ask about the weather, or turn on music without touching the screen. In addition, the smartwatch provides quick access to notifications from apps such as Facebook, Twitter and WhatsApp. You'll get news and alerts directly on the screen, making it easy to keep track of important information no matter where you are.
