

## Waterproof backpack PULUZ PU5011L

Waterproof backpack PULUZ PU5011L

Ref: 5906168437427

### PULUZ PU5011L photography backpack

The PU5011L is an excellent choice for professionals and photography enthusiasts who need a comfortable and functional solution for storing photographic equipment and personal belongings. Equipped with a delicate handle and comfortable shoulder straps, it provides comfort even during the longest trips.

### Thoughtfully organized space

The backpack offers enough space to store a DSLR camera body, three lenses and additional accessories. The high-quality material from which it was created is waterproof and wear-resistant, while the durable metal zipper and sturdy shoulder straps make the backpack ideal for active use during sports as well as casual travel.

### Multifunctional compartments

The backpack's main pocket is equipped with a variety of additional pouches, including a camera pouch, notebook pouch, tablet case, phone case, magazine case, sunglasses case and water bottle pouch. This gives each item its own place, making it easy to organize and access essentials.

### Practical solutions

The backpack has a cable opening, which allows you to connect the phone inside the bag to headphones or charge your device with an external power source. The backpack's large capacity allows you to store up to a 15-inch notebook, camera, clothes, food, water bottle, small tableware, magazines, tablet, cell phones, sunglasses, foldable umbrella, cosmetics and many other items. This asset makes the backpack perfect for any trip.

#### Protection from the weather

The PULUZ backpack is equipped with a special rain cover, which further protects photographic equipment and other items from adverse weather conditions. This indispensable travel companion provides not only ample space and capacity, but also comfort and safety in any weather.
