Joyroom JR-TCF20 mains charger, 20W, EU (black)

The Joyroom JR-TCF20 network charger is a compact and efficient solution for those looking for reliable and fast charging. With 20 watts of power and support for PD and QC3.0 standards, it allows you to charge your chosen devices in no time. It also stands out for its wide compatibility and advanced security system.

Super-fast charging

The JR-TCF20 allows you to charge selected iPhone models up to 68% in just about 30 minutes, so you can get your phone ready to go in no time. In addition, with support for PD and QC3.0 standards, the device provides ultra-fast charging for smartphones of various brands. With Joyroom you will save time!

Universal compatibility

The charger is compatible with a wide range of devices, such as smartphones, tablets, speakers, smartwatches and headphones. This makes it very versatile and perfect for a variety of situations!

Safe and efficient charging

Enjoy fast and safe charging of your devices. The charger is equipped with protection against overvoltage, overload, overheating and

short circuit, among other things. What's more, thanks to its well-thought-out design, the product will not overheat.

Convenient transportation

With its compact dimensions (40.2 x 27 x 60.1 mm) and a weight of just 47 g, the charger is extremely easy to carry. Its compact design makes it ideal for both travel and everyday use, providing you with convenient access to fast charging.
