Joyroom ZS413 magnetic travel holder (black)

Joyroom ZS413 is a practical magnetic travel holder that provides a convenient and stable mount for your smartphone in various locations. With its 20 strong N52 magnets, sturdy design and adjustability, it's an ideal choice for those who value comfort and functionality while traveling or at home.

Reliable attachment and stability

The mount is equipped with 20 strong N52 magnets that guarantee a secure hold on your smartphone. Combined with the improved metal ball head, it provides unparalleled stability, even during sudden movements or shocks. Whatever the situation, your phone will stay in place!

Fully adjustable and flexible

With the ability to rotate 360° and tilt 180°, the mount allows you to freely position your phone at different angles. So, you can comfortably watch YouTube videos, cook by eating recipes from the Internet, participate in video conferences and much more!

Possibility of mounting in different places

The adjustable clamping base makes it possible to mount the mount in many different places, such as tables, countertops, seat backs,

luggage holders, kitchen shelves or even tables on an airplane. This is ideal for people who want to use their smartphone in a variety of situations - cooking, working, traveling or relaxing.

Compact design

The holder is distinguished by its foldable design and is small enough to easily fit into a bag or hand luggage. So you can easily take it with you to work, university or on vacation!
