Carlinkit CPC200-Tbox UHD wireless adapter Carplay/Android (white)

Carlinkit CPC200-Tbox UHD Carplay/Android Wireless Adapter (white)

The Carlinkit CPC200-Tbox UHD Wireless Adapter is a practical device that allows you to seamlessly use CarPlay and Android Auto functions in your car. Equipped with an advanced Android 13 system and a powerful Qualcomm SDM660 processor - it provides smooth operation and fast response to commands. It also allows you to conveniently install selected apps and supports video and audio streaming via the HDMI port.

Easy installation and versatile Ports

The adapter is very easy to install - thanks to the Plug&Play system, all you need to do is plug it in the car. Equipped with a variety of ports, such as USB-C, SD card slot, USB-A and HDMI - it allows you to plug in many devices and accessories. So you can enjoy high-quality audio and video in your car.

Compatibility and security

The Carlinkit CPC200-Tbox UHD is compatible with a wide range of smartphones - from iPhones 6 and above (iOS 10.0 and above) to phones running Android 11.0 and above. With support for Wi-Fi (802.11 a/b/g/n/ac, 2.4G + 5G) and Bluetooth 5.0, you can also transfer data and use apps wirelessly. The adapter is made of durable ABS material for durability and damage resistance.

### Features and Benefits

The adapter allows you to use CarPlay and Android Auto without having to change your driving habits. The built-in Android 13.0 allows you to download and install apps directly from the Google Play Store, and thanks to adaptive resolution, the image is always optimally adjusted to the screen. The Carlinkit CPC200-Tbox UHD also supports global GPS, GLONASS and BeiDou positioning systems for precise navigation.
