Ocoopa UT3041 2x2000 mAh hand warmer, USB-C, pink

The Ocoopa UT3041 redefines the concept of comfort and functionality. The warmer is equipped with rechargeable batteries with a total capacity of 4,000 mAh, which guarantees long-lasting use without frequent charging. Thanks to the heating technology, you can adjust the temperature from 35 to 55°C, providing you with optimal warmth for 4-7 hours. The magnetic attachment system allows you to easily share the heat and use it conveniently in different situations.

Powerful battery capacity

Two devices with a combined capacity of 4,000 mAh provide long-lasting performance. Each warmer has a capacity of 2000 mAh, and their combined power guarantees reliable operation for hours. This means you can enjoy the heat while walking in the cold or taking a longer hike without worrying about frequent charging.

Stylish design

The product features an elegant, feminine design. Its modern design makes it a great addition to a woman's handbag. It will be great not only for traveling, but also for everyday use, so it is worth having it on hand.

Maximum thermal comfort

Mobilemax - Gadgets and Accessories Rua Vasco da Gama n61, 8005-411, Estoi - Faro, Portugal (Continente) Telefone: +351962484153 (Chamada para rede móvel nacional) Email: info@mobilemax.pt

Our device offers fast and comfortable heating thanks to three adjustable temperature levels. Choose from the 35-41°C, 40-48°C or 48-55°C ranges to adjust the heat to suit your needs. The product provides long-lasting performance, maintaining an optimal temperature for 4-7 hours, ensuring convenience and comfort in any conditions.

Magnetic design

The heater is distinguished by its magnetic design, which makes it easy to share heat with others. It provides convenience and flexibility of use, making it ideal for both warming your hands alone and sharing the heat source with a loved one.
