Latarka Superfire Godfire TF01

Ref: 6975515774316

### Superfire Godfire TF01 Flashlight

The Superfire TF01 flashlight is a high-quality device designed for users who need reliable and efficient lighting in a variety of conditions. The flashlight offers an impressive range of up to 1,000 meters in Turbo mode and various brightness levels to suit the user's needs. With a capacious 4800 mAh battery, the Superfire TF01 provides long-lasting operation, reaching up to 52 hours in Low mode.

### Rugged design

The Superfire TF01 features rugged construction and resistance to harsh weather conditions. The flashlight is IP55 waterproof, so you can use it in adverse weather conditions. In addition, its resistance to drops from up to 1m and aluminum alloy finish ensures that the device will retain its performance even in harsh situations.

### Impressive performance

The TF01 flashlight features high-quality OSRAM LEDs and offers 4 modes: Turbo (1371 lumens), High (561 lumens), Med (168 lumens) and Low (45 lumens). This allows the user to adjust the light intensity to suit his needs. In Turbo mode, the light intensity is 250000 candelas, allowing to illuminate an area with a range of up to 1000 meters.

### Powerful battery and convenient charging

The flashlight is equipped with a 4800 mAh rechargeable battery, which provides long-lasting operation of up to 52 h in Low mode. The included charger uses an AI microchip and ensures stable charging. LED indicators indicate the battery's charge status, and thanks to its wide compatibility, you'll connect different types of lithium-ion batteries.

#### Easy operation

The TF01 flashlight uses an intuitive tactical switch with a memory function that allows you to quickly turn on the light and easily switch between brightness modes. The center button allows you to adjust the brightness with a single click, making it easy to use in dynamic situations. This kind of design is ideal for users who need instant access to intense light.
