Neakasa P2 PRO vacuum cleaner / pet hair grooming kit.

The Neakasa P2 Pro is a comprehensive pet hair grooming kit that makes caring for your pet extremely easy and efficient. The device combines the functions of a vacuum cleaner and grooming kit, so you can easily vacuum, groom and trim your pet's hair without leaving a mess in your home. Equipped with 5 specialized tools and powerful suction, the Neakasa P1 Pro effectively picks up 99% of loose hair, ensuring cleanliness and comfort for both you and your pet.

Powerful dander vacuum

The Neakasa P2 Pro is designed to effectively collect loose hair, dust and dirt from your pet's coat. The device's high suction power effectively removes unwanted hair while leaving the coat soft and well-groomed. The 1-liter container for collected hair allows for long-term use without frequent emptying.

Professional grooming tools

The Neakasa P2 Pro set includes 5 tools that are ideal for daily coat care. Among them is a combing brush that gently removes loose hair, preventing the formation of tangles. In addition, the device has a special clipper with 4 interchangeable attachments (6mm, 12mm, 18mm, 24mm), allowing you to precisely adjust the length of the haircut to suit your pet's needs.

Safe and comfortable grooming

Thanks to the Neakasa P2 Pro's quiet operation, your pet won't feel stressed during grooming. The device operates with a noise level of less than 60 dB, making it virtually inaudible to your pet. Safe, rounded blades and gentle brushes ensure comfort and safety, regardless of the type of fur.

Easy operation and cleaning

The Neakasa P2 Pro is equipped with an intuitive operating system that allows quick and easy cleaning of the tools after use. A built-in quick-release button allows you to effortlessly remove the collected hair from the device. In addition, the cleaning brush allows you to remove dirt from clothes, furniture, carpets or keyboards.

Versatility and performance

With the ability to trim, comb, vacuum and collect hair, the Neakasa P2 Pro is a one-stop solution for pet owners with different lengths and textures of hair. The device is suitable for both dogs and cats, whether they have long, medium or short hair. Professional grooming tools help keep your pet's coat in perfect condition all year round.
