Adapter USB-C do Lightning Mcdodo OT-2590, auto power off

Mcdodo OT-2590 USB-C to Lightning adapter, auto power off

Mcdodo OT-2590 is a state-of-the-art adapter that allows you to quickly and safely charge Apple devices equipped with a Lightning port using USB-C cables. Thanks to the intelligent Auto Power Off function, the adapter automatically disconnects power when fully charged, which protects the battery and ensures longer battery life.

Fast charging with up to 36W of power

The adapter supports fast charging with up to 36W of power, allowing you to instantly charge your iPhone in a short period of time. This allows you to charge your device up to 60% in as little as 30 minutes. This is ideal for users who need quick access to the full power of their phone or tablet.

Safe charging with Auto Power Off

The Mcdodo OT-2590 features an automatic power off function when fully charged. This protects your device from overcharging, which in turn increases the safety of use and extends battery life. The adapter shuts off 30 minutes after charging is complete, minimizing the risk of battery damage.

Durable aluminum construction

The adapter's housing is made of high-quality aluminum alloy, which ensures resistance to drops, abrasion and effective heat dissipation. The durable construction makes the adapter reliable and safe for long-term use.

Universal compatibility and portability

The Mcdodo OT-2590 adapter is compatible with a wide range of devices, including the iPhone 14, 15 series and other Apple devices with a Lightning port. Thanks to its compact size and built-in lanyard, the adapter is easy to carry and always at hand, making it ideal for everyday use.
