

Mcdodo CA-2580 2-in-1 USB-C cable + Apple Watch charger, 60W

Ref: 6921002625807

Mcdodo CA-2580 2-in-1 USB-C cable + Apple Watch charger, 60W, 1.5m

Mcdodo CA-2580 2-in-1 USB-C cable + Apple Watch charger, 60W, 1.5m

The Mcdodo CA-2580 is an innovative 2-in-1 cable that combines the function of charging devices with a USB-C port and a wireless charger for the Apple Watch. With a charging power of up to 60W, it provides fast and reliable power to smartphones, tablets, laptops and Apple Watches. It's ideal for those looking for a versatile, powerful accessory for everyday use.

Fast and efficient charging

The cable offers charging power of up to 60W, allowing you to quickly charge your devices up to 60% in 30 minutes. The wireless charger for Apple Watch delivers up to 2.5W of power, ensuring stable and secure charging of the watch, regardless of location. This allows one accessory to meet the needs of multiple devices.

Magnetic charger for Apple Watch

The built-in magnetic charger fits the Apple Watch perfectly, guaranteeing precise placement of the watch on the charger and quick charging initiation. The strong magnet keeps the watch stable, eliminating the risk of accidental movement and interrupting the charging process.

Cable length and easy portability

With a length of 1.5 meters, the Mcdodo CA-2580 cable provides freedom of use, allowing you to conveniently charge your devices even in hard-to-reach places. The sturdy design and the ability to coil the cable make it easy to take on the go, avoiding tangled wires.

Wide compatibility

The cable is compatible with a wide range of devices, including smartphones, tablets and laptops with a USB-C port, as well as Apple Watches of all generations. This versatile accessory will work well at home, in the office and on the go, allowing you to charge multiple devices simultaneously.
