

Mcdodo CA-5680 2-in-1 USB-C to Lightning cable + Apple Watch

Ref: 6921002656801

Mcdodo CA-5680 2-in-1 USB-C to Lightning cable + Apple Watch charger, 36W, 1.5m

Mcdodo CA-5680 2-in-1 USB-C to Lightning cable + Apple Watch charger, 36W, 1.5m.

The Mcdodo CA-5680 cable is an ideal solution for those who value functionality and reliability. By combining two connectors - USB-C to Lightning and Apple Watch charger - you get one accessory that can handle all your Apple devices. It's a great option for iPhone, iPad and Apple Watch owners who want to keep their cables in order and enjoy fast charging and data synchronization.

36W fast charging

The cable offers ultra-fast charging with up to 36W of power, allowing you to charge your device in no time. With Power Delivery technology, your iPhone or iPad will get power much faster than with standard chargers. This means you no longer have to wait hours for a full battery charge, and your Apple Watch will always be ready for use.

Compatibility with a full range of devices

Whether you're using the latest model of iPhone, iPad or Apple Watch, the Mcdodo CA-5680 cable will work perfectly. It supports both older and latest models of Apple devices, providing full flexibility. You can be sure that your equipment will be powered and synchronized without any problems.

High quality workmanship and durability

The cable is made of oxygen-free copper, which ensures excellent conductivity and efficient charging. The use of high-quality materials guarantees resistance to bending and damage, so the cable will serve you for a long time. The length of 1.5 meters ensures convenient use, no matter where the outlet is located.

Stable magnetic mount for Apple Watch

The strong magnet of the charger for Apple Watch precisely attracts the watch and keeps it in the perfect position while charging. This is a guarantee that your watch will charge efficiently and without the risk of interrupting the process.

Fast data transfer

The Mcdodo CA-5680 cable not only provides fast charging, but also proves its worth when transferring files. The transfer speed of up to 480 Mbps makes transferring photos, videos or documents to your computer fast and efficient. You don't have to wait - your files will be transferred in the blink of an eye.

Thoughtful design and ease of use

Thoughtful design makes the cable tangle-free and easy to store. The high quality finish not only guarantees practicality, but also aesthetics. The 2-in-1 Mcdodo CA-5680 cable is a perfect combination of functionality, quality and style that will satisfy even the most demanding users.
