Battery for Lefeet S1 Pro

Stock up on a spare battery for your Lefeet S1 Pro underwater scooter and dive even longer! No longer do you have to end the fun when the battery dies - just replace it with a new one. The product's dimensions are only about 135 x 55 x 55 mm, making it very easy to transport. You can also carry it with you on a plane. So if you plan to dive in warm countries, you can take the battery with you without any problems! Replacing the battery will also not cause you any problems and will only take a moment.
