Card reader PGYTECH CFE-A/SD CreateMate (green)

PGYTECH CFE-A/SD CreateMate memory card reader (green)

The PGYTECH CFE-A/SD CreateMate memory card reader is an indispensable accessory for anyone who values fast and hassle-free access to data while traveling or working. Using USB 3.2 Gen2, it enables lightning-fast data transfers of up to 10 Gbps. The standard Type-C interface allows for quick and hassle-free connection, ensuring that it's instantly ready for use. It supports both CFA cards and SD 4.0/Micro SD cards. The accessory also allows you to store up to 12 memory cards of various types.

Even faster file transfer

Thanks to USB 3.2, data transfers happen at impressive speeds of up to 10 Gbps, allowing you to instantly transfer large-sized files in the blink of an eye. No matter what memory cards you use, the reader will give you impressive data transfer speeds, reaching up to 1000 MB/s for CFA/CFB cards and 312 MB/s for SD 4.0/Micro SD cards (Micro SD with adapter).

All your cards in one place

The reader offers impressive capacity, allowing you to store up to 3 CFA cards, 3 SD cards, 4 Micro SD cards and 2 Nano SIM cards. This ensures that you always have all the necessary data at hand. It also comes with a special pin so you can conveniently swap cards without risking damage.

User-friendly

Have you already finished your photo shoot or video recording? Now you can seamlessly transfer your content to any device equipped with a USB-C port! The Plug&Play function makes connecting the reader quick and hassle-free - just plug it into the device of your choice to enjoy instant access to your data, without having to install additional drivers.

Reliability in all conditions

You don't have to worry about the security of your data even in harsh conditions. The reader features IP54 water resistance, which means it is resistant to dust and water. Its aluminum alloy casing further ensures robustness and durability, protecting the interior from mechanical damage. The kit also includes a silicone case, which further protects the case from drops.
