Essager ECT2CA-ZXB02-Z GaN 100W 2C+A Charger (white)

Ref: 6972336330608

Essager ECT2CA-ZXB02-Z GaN 100W 2C+A Charger (white).

The Essager 100W GaN charger is a unique high-powered device designed to quickly and efficiently charge several devices simultaneously. It uses GaN technology, which allows for better energy efficiency and reduced heat emission, ensuring stable and safe charging even at maximum load. Its compact size and foldable plug make it ideal for travelers, and its wide voltage range (100-240V) allows for worldwide use.

100W power output and several available ports

The charger offers a maximum output power of 100 watts, allowing you to quickly charge laptops such as the MacBook Pro 16 to 55% in just 30 minutes. Equipped with 3 ports (x2 USB-C and x1 USB-A), it allows you to charge multiple devices simultaneously. This will charge an iPhone 14 or iPad up to 60% in 30 minutes, and a MacBook Pro 16 up to 55%.

Universal compatibility

The Essager charger supports various fast charging protocols, such as PPS, PD3.1, PD3.0, QC4.0, QC3.0, SCP, FCP, so it works with a wide range of devices, from smartphones to laptops and tablets. It is compatible with both Apple (iPhone, MacBook) and Android devices, as well as many other electronic accessories such as headphones, watches and portable consoles.

Advanced security features

The Essager charger is equipped with overvoltage, overload, short-circuit and overheating protection, as well as anti-static protection. With an intelligent adaptive power system, it automatically adjusts the output power to the needs of connected devices, ensuring optimal charging speed and safety.
