Foneng CP115 Car Grille Mount (Black)

The Foneng CP115 Grille Car Mount is a practical and modern solution to securely hold your phone while driving. Equipped with a smart telescoping mechanism with 360° rotation, it allows you to position your phone in any direction, making it easy to use your phone while driving. With a non-slip silicone pad, the holder provides stability and protects your phone from scratches. A metal hook or TPU suction cup will guarantee a secure hold on the holder, and the universal size fits smartphones from 4.5 to 7 inches. Its compact size means it won't block airflow, and the sturdy design with a spiral swivel system ensures a secure and stable hold.
