Foneng EU56 1xUSB-A, 1xUSB-C, 20W Power Charger (White) + USB-A to Lightning cable

Foneng EU56 1xUSB-A, 1xUSB-C, 20W Power Charger + USB-A to Lightning cable is an advanced fast charging device that provides maximum performance with GaN (gallium nitride) technology. It supports 20W of power, as well as numerous fast charging protocols such as PD2.0/3.0, QC2.0/3.0, AFC, FCP and PPS, making it compatible with most devices on the market. The USB-C port offers fast charging with 20W of power, while the USB-A port provides 18W of power with QC3.0 technology, allowing two devices to be charged simultaneously. With a unique fish scale-inspired design, the charger looks sleek and stylish. Its compact size makes it perfect for both at home and on the go, guaranteeing fast and safe charging without overheating your devices.
