Foneng EU41 USB-C+USB-A 20W power charger + USB-C-USB-C cable (white)

Foneng EU41 USB-C+USB-A 20W Power Charger + USB-C-USB-C Cable (White)

The Foneng EU41 USB-C+USB-A 20W Power Charger + USB-C-USB-C cable is a powerful fast charging device that combines state-of-the-art GaN (gallium nitride) technology with dual USB-C and USB-A ports to charge two devices simultaneously. With support for PD+QC3.0 technology, it provides fast charging of up to 20W, allowing you to charge your phone up to 50% in just 30 minutes. Its wide voltage range of 100-240V makes it ideal for use around the world, and its dual flame-resistant PC+ABS material housing guarantees safety and durability. The ergonomic, rounded design makes the charger comfortable to use, and the rugged construction ensures reliability in daily use. If you are looking for an efficient and safe way to charge your devices, the Foneng EU41 will be an excellent choice.
