

USB-A do Lightning Cable Foneng X101 2,4A, 1,2m (biały)

Ref: 6970462519621

USB-A do Lightning Cable Foneng X101 2,4A, 1,2m (biały)

Foneng X101 USB-A to Lightning cable 2.4A, 1.2m (white)

The 1.2m long Foneng X101 cable is not only fast and reliable charging, but also comfortable to use in any situation. Thanks to the built-in light at the connector, using the cable becomes much easier even in difficult lighting conditions. In addition, you can adjust the color of the light to your preference, which is not only practical, but also brings phenomenal effects. Bet on professionalism, reliability and efficiency with Foneng cable.

Durability, safety and fast charging

The cable provides lightning-fast power restoration with support for 60W USB-C to USB-C and PD30W USB-C to Lightning. Transferring data at 480 Mbps makes this cable an ideal choice for office, home and car, reliably accompanying you in any situation. The cable is made of high-quality TPE material, which is environmentally friendly and guarantees a long product life. Equipped with a smart IC chip, it effectively protects your devices from overheating, short circuit or short circuit. 162 copper cores ensure precise and efficient charging, guaranteeing stability and safety in any situation.
