

Blitzwolf BW-BTS9 32GB IPX8 bone conduction headphones

Blitzwolf BW-BTS9 32GB IPX8 bone conduction headphones

Ref: 5906168439223

Blitzwolf BW-BTS9 32GB IPX8 bone conduction headphones

The Blitzwolf BW-BTS9 headphones are an ideal choice for active people who value comfort, sound quality and reliability. Water resistance, high sound quality, the ability to play MP3 files without connecting to your device of choice, and a long run time on a single charge make it perfect for both everyday use and workouts. Choose the Blitzwolf BW-BTS9 and enjoy the freedom that bone conduction technology offers.

Waterproof and durable for the active

The Blitzwolf BW-BTS9 bone conduction headphones are an ideal choice for those with active lifestyles. With an IPX8 waterproof rating, they are resistant to sweat, rain and even allow use during water sports. Designed with durable titanium alloy and soft silicone, they guarantee comfort and durability, even during intense workouts.

Bone conduction technology and superior sound quality

The Blitzwolf BW-BTS9 uses advanced bone conduction technology to transmit sound directly through the bones of the skull, leaving the ears free. The 13mm conduction provides rich bass and clear voice, while the fully enclosed design minimizes sound leakage for privacy.

Multifunctionality and performance

Equipped with 32GB of internal memory, the headphones allow you to listen to your favorite music without connecting to another device, offering an MP3 music player. Support for Bluetooth 5.3 guarantees a stable and smooth connection, and a low-latency audio mode for gamers allows you to enjoy gameplay without interference.

Comfort and long-lasting use

With a lightweight design (just 22 g) and a customized in-ear suspension, the headphones stay in place even during intense exercise, such as running or jumping. The capacious 125 mAh battery provides up to 10 hours of continuous use on a single charge, and up to 10 days in sleep mode. Charging is quick and takes only 2 hours.

Simple control and noise reduction

The Blitzwolf BW-BTS9 features intuitive buttons that allow you to easily manage music, calls, MP3 mode and activate the voice assistant. Thanks to ENC noise cancellation, calls are crystal clear, regardless of conditions.
